

STURDY EQUESTRIAN EQUIPMENT

Jump Equipment

STURDY PRODUCTS manufacture a wide range of long lasting, durable jump equipment.

The heavy duty polyethylene plastic is robust and resistant to bumps and falls, will not rust or fade and is not affected by frost.

All products are lightweight and can be easily manoeuvred and assembled in the jump arena.

All products are designed with well rounded edges that minimise the risk of injury.

STURDY EQUESTRIAN EQUIPMENT

STURDY Tipping Wheelbarrow

Code: 338 - A

Designed for agricultural and equestrian use, the *STURDY Tipping Wheelbarrow* can be used anywhere to transport large amounts of material.

The wheelbarrow is balanced perfectly so even when fully loaded it is easy to lift and simple to tip.

Comes complete with plastic handles and a galvanised steel frame.

Two pumped wheels allow for ease of movement.

The smooth interior allows the wheelbarrow to be cleaned with ease.

As an optional extra, each wheelbarrow can be personalised with signage or manufactured in a particular colour to your specification.

Capacity : 310lt's
Overall Length: 1870 mm

Width : 1020 mm
Body Length : 1200 mm

Height : 830 mm

STURDY Equi-Wash

Code: 330 - A

The *STURDY Equi-Wash* contains power, pump and water all housed in one slim product. It allows the user to conveniently wash down horses without the need for a generator, buckets or large water tanks.

The portable power wash unit contains 100lt's of water, enough for cleaning down 3 horses.

The unit comes complete with a 5 meter hose and wash nozzle.

The *Equi-Wash* is fitted with a timer that shuts the unit off preventing pump burn out.

The product is powered by a 120Volt battery, complete with charger.

A fixing kit is also provided to attach the unit to a trailer.

Equipment Storage

STURDY Saddle Store

The *STURDY Saddle Store* is a unique storage product that allows you to carry your saddle, grooming kit and accessories in one tidy unit. Available in a range of colours.

Code: 303 - A

Jobber

The *STURDY Jobber* is a strong, flexible storage unit ideal for vans and jeeps.

The product is durable, reliable and safe to use.

Length: 900mm : Width: 900mm : Height 380mm

Code: 181 - A
