*Note - All capacities +/- 10%

STURDY TANK BUNDS

STURDY PRODUCTS Bunds accommodate our wide range of tanks and secure peace of mind that the surrounding environment is protected from accidental pollution from leaks or spillages. Our bunds can be supplied with electronic remote contents gauges, bund alarms and overflow prevention devices.

All our bunds are manufactured from UV stabilised medium density polyethylene plastic and will never rust or fade. They are strong and durable, designed to withstand demanding environmental requirements.

All bunds come with large, lockable lids for ease of filling and are fitted with a 1" BSP brass connection as standard.
