STURDY RECYCLING CONTAINERS

1100lt Steel Bin Recycling Station

The *STURDY* 1100lt Recycling Station is ideal for recycling all types of domestic waste. Suitable locations include shopping centres, schools, amenity areas and for use by local authorities.

Each station comes complete with powder coated steel bins and galvanised steel frame. The lockable containers are easy to manoeuvre and each container can be personalised as per customers specification. Large backing signage available as an optional extra.

240lt Wheeled Bin Recycling Station

STURDY 240lt Recycling Stations are ideal for schools, villages, service stations and for use by local authorities for recycling most types of domestic waste.

Each unit comes complete with 240lt wheeled bins and a galvanised steel frame. Each of the containers are lockable and are easy to manoeuvre when full.

The station can be supplied with personalised bins and backing signage as an optional extra.
