

STURDY BASIC OPEN LAUNDRY TROLLEY

FEATURES & BENEFITS

The Sturdy BASIC OPEN Laundry Trolley is unbeatable for price, functionality, durability and low noise. The body of the trolley is manufactured from UV stabilised medium density polyethylene material. The compounded MDPE material ensures that there is no colour give off.

The body is supported by a galvanised steel frame which incorporates a foot bar to allow the trolley be tilted when mounting kerbs. 4 non-marking low noise castors are fitted on the underside and they can consist of Swivel, Swivel/Brake or Fixed. The tyres are of elastomer construction and are also fitted with a thread guard.

The trolley comes with 4 ergonomically designed cut-out handles. It has an open front and top for easy loading and unloading. An A5 document pouch is fitted as standard on all trolleys.

The Sturdy BASIC OPEN Laundry Trolley is suitable for use in hospitals, hotels and other industries where large quantities of linen are transported.
